

IT'S TIME FOR
Stressless[®]

Born of nature

The legendary Stressless® recliner was born on the west coast of Norway, in the small community of Sykkylven, where our main factory still lies. Jens Ekornes founded the company in 1934, after which an unbroken lineage of proud craftsmen have produced some of the world's finest furniture here. In a place where resources were scarce, everything had to be built to last. That philosophy still resides within the factory walls.

When the Stressless® Original was launched in 1971, it was an unprecedented success. Today, a Stressless® recliner, sofa or dining chair is still assembled by hand, with the aid of the most sophisticated technology available in furniture manufacturing. As new designs continue to be born here in the fjord landscape, our main goal remains unchanged: the most comfortable furniture in the world.

Comfort recharging

Just like a human being, a Stressless® recliner is a fine tuned instrument. It loves movement. It strives for the optimal balance between softness and support. That's why recharging in a Stressless® recliner is different – it speaks the same language as your body.

Design

The Stressless® design is a unique selling point in a market where aesthetics normally plays a secondary role. The recognizable look is true to the Nordic design tradition and is based on well-thought-out combinations of natural materials and a durable product quality.

Patented features

For more than 50 years, Stressless® has developed comfort design and features based on insight into the human anatomy and people's everyday lives. This has contributed to a large number of patents which have repeatedly set the agenda for the category.

Nordic heritage

Stressless® origins and surroundings are the foundation for design and innovations. The brand is committed to sustainability and orderliness. This provides a legacy that Stressless® symbolizes across borders and markets.

Stressless

Sustainability

Stressless® aims to become the world's most sustainable furniture maker, and a leader in circular design. Thanks partly to the use of hydropower, that goal is within reach. Our greenhouse emissions are reduced year by year, and we currently have an 80 percent rate of waste recycling.

Quality and comfort that lasts

At Stressless® we make quality products that will last you a lifetime. Our raw materials are selected with the utmost care and consideration to give the furniture endurance. Choosing a high-quality product extends its lifespan and lowers the environmental impact, making design just as important. With our focus on timeless pieces, we create Stressless® icons to last.

The comfort formula

After taking a seat in a Stressless® recliner, you may find yourself pondering: What makes it so much more comfortable? The main reason is the level of attention it pays to how your body works, from feet to neck, through patented comfort technologies like BalanceAdapt™, Power™, Plus™-system and the Glide™-system.

Some of the secret also lies in the sheer quality of materials and craftsmanship applied in the making a Stressless® recliner, which makes it a sustainable choice that will potentially last for generations. Add to that the joy that stems from freedom of choice when you get to choose the design, size, color and texture of your ideal recliner, and you may have found your answer.

Lean back

... for a new level of comfort

If you have ever owned a truly comfortable recliner, you know that it quickly becomes the most popular piece of furniture in the home. This is where you retreat after a long day at work, or spend that deservedly lazy morning. It is where you read, watch TV, chat and even put in some home office hours. With that in mind, it is good to know that a Stressless® recliner adapts to your body and moves with you, taking care of your body's need for natural motion.

Stressless® Sunrise (M) Classic
Batick Cream/Walnut

It's time to take our comfort test

The ultimate sensation of comfort is individual and personal to everyone. Because we all have different needs, we encourage you to take our Stressless® Comfort Test to find the size and model that fits you best. We guarantee this will be time well spent. After all, a Stressless® recliner is an investment you'll enjoy for many years to come.

- Can you adjust the headrest so that it lies flat when you recline?
- Is your head supported comfortably as you lie down to read or watch TV?
- Does the chair provide good lumbar support in all positions?
- Do you have the feeling that the seat back reclines sufficiently?
- Does the gliding movement smoothly adjust to your body weight?
- Does the recliner feel stable and safe?
- Do the chair and ottoman move with you as you shift positions?
- Are the height and width of the chair right for you?
- Are you aware of how your entire body relaxes?
- Is the ottoman positioned in the right place to give you maximum leg support?

The patented Plus™-system

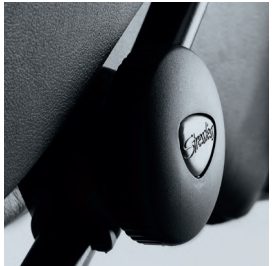

The patented Stressless® Plus™-system automatically adjusts the headrest as you recline – supporting your neck while you read, watch TV and rest.

The Plus™-system adjusts the lower back support simultaneously with the headrest. Upright or reclined, you're always perfectly supported.

Lower the headrest to the sleep position with one simple movement.

Adjust the Stressless® Glide wheels to the setting of your desire. You can automatically shift to any seating position simply by using your body weight.

Where comfort comes from

You can tell at a glance: This is what comfort is all about. From the supple cushioning to the well-known profile of the base, back and armrests, a promise of relaxation. A line of classic Stressless® models forms the bedrock on which our brand name is built. To achieve our goal of creating the most comfortable furniture in the world, we built and implemented some truly pioneering technologies, all of which you will find in these inviting and generous recliners. Comfort never goes out of style.

Right size matters

We all come in different shapes and sizes, and our tastes in interior design differ. That's why most of our Stressless® recliners are available in a variety of dimensions, from slightly taller and wider to smaller and slimmer. A large selection of bases with different designs and functionality allows you to personalize your recliner further. We have included a full overview of the many possibilities on the last pages of this catalog.

PLUS™ SYSTEM. Whether you are sitting or lying down, our unique Plus™ system provides optimal comfort and support for the lower back and head, in all positions. The lumbar support automatically adjusts as you recline. You can also choose between an active or rest position for the neck.

Stressless® Reno (M) Classic with ottoman
Paloma Black/Black

PLUS™ SYSTEM. Whether you are sitting or lying down, our unique Plus™ system provides optimal comfort and support for the lower back and head in all positions. The lumbar support automatically adjusts as you recline. You can also choose between an active or rest position for the neck.

A smarter ottoman

A Stressless® free-standing ottoman is the perfect partner for our chairs and sofas. Why? Well, this isn't your traditional, static ottoman. All Stressless® furniture is based on research into human anatomy, and we found that when you lean back in a recliner chair, your legs move forwards and down. Most traditional, flat ottomans do not support this sitting position.

We have given Stressless® ottomans a built-in sliding function that automatically follows the movement of your legs, giving you the freedom to move whilst staying completely supported and making the world's most comfortable recliner even better. What's more, in a locked position our ottomans can be used as an extra seat.

Over 50 years of perfect balance

The Stressless® Signature and Cross bases feature the unique BalanceAdapt™-functionality. This gives a feeling of complete comfort that makes them stand out from other recliners. The innovative mechanism provides a gentle rocking motion, creating a feeling of weightlessness, and the ability to lie almost horizontally. These base options have a stylish and Scandinavian aesthetic that add a contemporary edge to the leather recliner range.

Comfort at your fingertips

What could possibly make the ultimate recliner even more pleasing?
Motorized adjustments controlled by a discreet panel might be a start.

Stressless® Mike Paloma Black
Moon Base Steel

Magic at the touch of a button

Ready to unwind? The Stressless® Mike motorized recliner has a soft rocking motion that gives instant relaxation from the moment you sit down. With the touch of one master control button, you can adjust back, leg, lumbar and head support in one synchronized movement. Or you can make independent adjustments to find just the right spot.

Lumbar support is automatically adjusted when you change the position of the back rest. In the true spirit of Stressless® innovations, Stressless® Mike comes complete with the patented Stressless® Plus™-system and is equipped with unique Comfort Zones™ in the seat and back. Stressless® Mike features a stabilizing and elegantly crafted disc-shaped moon base, with 360 degree swivel, available in brushed steel or wood in 8 different stain colors.

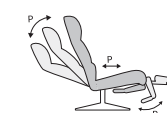

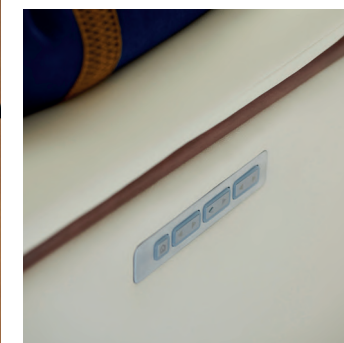

With a light pressure under the armrest, **Power™** adjusts both the footrest and the back angle. This combination provides superb support and comfort.

Stressless® Mike
Paloma Black
Moon Base
Steel

Take it to the max

The Stressless® Max has four built-in motors operating the headrest, lumbar support, back and footrest to ensure a perfect individual fit. The functions are operated with the integrated control panel in the armrest. By pushing only one button, you can find the predefined "TV" and "sleep" position. Like the original Stressless® Plus™-system the headrest moves forward, and the lumbar support retracts when reclining. The footrest is also included in the synchronized movement.

With a light pressure under the armrest, **Power™** adjusts both the footrest and the back angle. This combination provides superb support and comfort.

The power nap reinvented

Ever since our first Stressless® recliner hit the market in 1971, the Stressless® brand has been associated with comfort, quality and innovation. Today, we take this commitment one step further and are delighted to offer some of our most iconic recliners with our patented motorized systems.

Stressless® Power™ recliners offer enhanced motorized functionality, with built-in motors operating the headrest, lumbar support, back and footrest. They represent a great alternative to a recliner with a separate ottoman.

The integrated footrest has a slim design, and is elegantly concealed beneath the seat. You extend it at the push of a button under the armrest. The footrest is designed to follow the natural angle of your feet and can be adapted to different leg lengths, extending longer than most other footrests on the market.

A battery operated version is also available, with a magnetic charger attachment for easy access. See the last pages of the catalog for a full product overview.

A tailored fit

Stylish, urban and classy, this series of recliners have found their way into a wealth of modern homes. That's not based on looks alone: The Stressless® Paris, Stressless® London and Stressless® Tokyo recliners can be tailored to fit both your body and your taste in interior design. The high back variety comes with or without an adjustable headrest. A more compact low back version is also available. Add to that a myriad of leather varieties and colors to match any interior, and you'd be hard pressed not to find your favorite.

Home office comforts

Today, many of us experience a more fluid definition of work and where it takes place. Whether you have a dedicated room, or reserve a nook in the dining room for your home office, it's important to stay comfortable. A well-designed chair that actively encourages movement quickly becomes a necessity.

Working from a Stressless® recliner keeps you both agile and supported during those long hours. Our collection of Home Office recliners marries supreme comfort and style, blending effortlessly with the rest of your interior. Equipped with the elegant Home Office base with wheels, they fit perfectly by your table or desk.

A comfortable & stylish study

You may already know our range of Stressless® Dining chairs, and the difference they make for comfort at the dining table. But did you know that these light and compact designs also transform into exquisite Home Office chairs, simply by adding our innovative wheel base? By choosing a Stressless® Home Office chair that blends in design-wise, composing a stylish home office is effortless. The large choice of covers makes it easy to match or contrast against the rest of your interior. The base is available in chrome or matte black finishes. All chairs with the castor base have swivel and height adjustment as standard.

Lean back ... and recharge

Your interior design has an impact on your sense of well-being, and on the mood of those around you. Whether it be playful, elegant or bold, there is a Stressless® sofa design that fits right into the atmosphere you want to create. In addition, every Stressless® sofa can be customized to your choice of materials, colors and details. But looks are just the start of your voyage towards the ultimate home comfort. Below the surface, a Stressless® sofa has functionality based on decades of research into the best possible sitting experience. To give you a clue: It involves much more than a comfortable seat. It adapts and moves with you. It's a sofa that feels just as good as it looks.

Stressless® Emily Wood

Stressless® Emily Wood Paloma Espresso/Walnut

The ultimate power sofa

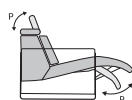

Stressless® Emily is a no holds barred luxury sofa, with all the comfort and functions you have come to expect from the Stressless® brand. It has an adjustable headrest on all modules. You can lower it for a sleek low-back sofa with perfect back support for sitting, or adjust the angle and height of the headrest for extra support to your head and neck. Put your feet up on the Longseat module with adjustable headrest and leg support or choose a Power seat to get an adjustable footrest. It is customizable to your every whim.

Stressless® Emily also offers a large choice of high-quality leather and fabrics, and the choice between three versions of the armrests: Emily Steel and Emily Wood have slim armrests with elegant details in steel or wood, while Emily Wide has distinct upholstered armrests with luxuriously large proportions. Stressless® Emily is a modular sofa system. Seat modules, with or without Power, corner, two sizes of Longseats, center modules or end modules can be combined to create the sofa of your dreams.

Lay back and relax

Sleek lines and a streamlined silhouette give Stressless® Emily a clean, modern look that signals confidence and style. The contemporary design blends well with any modern interior. The soft cushions ooze with luxury and invite you into the comfort zone of your home. It is one of our Stressless® Power sofas, which means you can easily adjust the seating position with the control panel for perfect relaxation. We offer a range of different designs and modules which makes it easy to configure the perfect sofa for you.

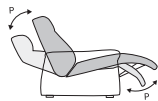

With a light pressure on the right side of the seat cushion, **Power** adjusts both the footrest and the headrest. This combination provides superb support and comfort.

Stressless® Emily Wide Arm with LongSeat (L)

Stressless® Mary Wood
Paloma Shadow Blue/Black

Indulge in comfort

Stressless® Mary is a truly sumptuous sofa with gentle curves and a generous look that will never go out of style. Its cushioning is extra supple and soft for added indulgence. Individual seat modules can be fitted with motors for effortless adjusting of the back and leg support. The functions are operated from an integrated panel, discreetly concealed on the right side of your seat when seated.

Seat modules with or without power can be combined, and you can also add a spacious corner module to your setup. Choose between a classic upholstered armrest or an armrest with wooden details for an elegant touch. Stressless® Mary matches exquisitely with Stressless® Mayfair, one of our best-selling recliner models through the decades. With the same range of leathers, fabrics, and colors available across our entire range of furniture, completing your look has never been easier.

Stressless

The perfect gathering place

The sofa is where you meet to exchange stories or to nap in your safe and snug nest. It can be the centerpiece of the party or the calm spot to relax with your favorite book. Finding the right one is an investment in memories and experiences and not a task to be taken lightly.

The perfect gathering place adapts to everyone: The Stressless® BalanceAdapt™-system allows the sofa to respond to your movements, adjusting the seat as you shift. Recline, lean forward, lie down or put your feet up. When the occasion calls for just a regular sofa, simply lock the function to stop the seat from moving.

FIND YOUR BALANCE with BalanceAdapt™. Subtle rocking motions enhance the feeling of total balance. These movements usually make all the difference between a good seat and a fantastic one.

Build your dream sofa

Every home is different, every vision unique. Our modular sofa, Stressless® Stella, can be adapted to fit them all. First, build your setup with seat modules and corners in different sizes. Second, choose between three arm designs and side panels, long or regular seats, ottomans and headrests. Head over to the Stressless® website to configure your dream sofa, or visit your local dealer for advice on how to find your perfect match.

Proven comfort

The Stressless® Flora sofa sports a traditional look with a classic, soft contour and a sumptuous seat and back. It speaks to the many among us who believe that comfort never goes out of style, and who prefer a design that can match almost any interior. The cushions are contoured by accentuated seams for a more precise look. Choose between a classic upholstered armrest, or an armrest with wooden details for an elegant touch. The Stressless® Flora represents craftsmanship and quality that will last you and your body decades.

Stressless® Flora Wood Paloma Espresso/Walnut

Stressless® Flora Wood Paloma Espresso/Wenge.
Stressless® Urban (L) Table Matte Black

When you sit down in a sofa with **ComfortZones™** the back part of the cushion will give in more than the front part of the cushion. As a result of this, the seat cushion will angle slightly, giving you a comfortable position of your legs while seated.

Refined comfort

The Stressless® Manhattan and Stressless® Oslo indulge those with an evolved sense of style. Cosmopolitan and elegant, they feature gently sloping contours, a fixed back, overlapping arm details and an exposed wood finish.

The Stressless® Manhattan is available in a three seat sofa, loveseat and chair while the Stressless® Oslo is available as a three seat sofa, loveseat and sectional sofa.

Have you ever found yourself wishing you could spend more time together as a family? The dining area is often the only meeting point in a busy schedule. It is also the place to enjoy the company of friends; a place to dine, converse and share memories.

One way to make sure the guests flock to the table is through providing the best seating possible. Stressless® dining chairs are expertly designed to work with your body, not against it. The flexible seat and back follow and respond to the movements of your body in a unique way, offering a variety of positions for total comfort. With Stressless® dining chairs you can while away the hours in complete comfort.

Stressless® Laurel Low (L) w/ armrest, D200
Dinamica Grey/Oak

Lean back

... into perfect balance

We gave our designers a challenge: Can you bring the unique Stressless® comfort to the table, with chairs that respond to the body's movements? Their answer was Stressless® dining. They automatically adjust the seat and back position without levers or handles. Lean forward and the chair moves to reduce the pressure under your legs while supporting your back. Lean back and enjoy the reclining backrest while the seat slides forward, providing a more open and comfortable sitting position.

Stressless® Laurel Low (L), D200

Dining with a twist

One of the main keys to a truly comfortable sitting experience is in fact movement. With the D350 base, our dining chairs get a new range of motion. The swivel function has several advantages in addition to its smart, good looks.

It makes it easier to get in and out of the chair, and reduces the need to pull the chair away from the table before sitting down or getting up. This feature also helps keep the conversation going, as you can turn the chair to face the person you are talking to. Innovative dining at its best!

A 360 degree swivel is standard on the D350 base, with auto-return as an option.

Discover the secrets of personal comfort

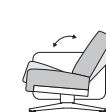

1. The perforated foam is molded directly over the frame. The indentations in our Comfort Zones™ technology let your body sink deeper into the seat, giving you an overall embraced feeling for even more enhanced personal comfort.
2. An additional pad of soft space-age foam ensures optimum comfort.
3. Super-soft polyester fiber cushions your body and ensures an attractive look.
4. Durable steel frame and flexo springs offer superior resilience and continuous support.
5. Plus™-system provides continuous support for your head and lower back. Double-sided mechanism ensures maximum stability and functionality.
6. Genuine top-grain leather covers the entire seat, for a luxurious look and feel.
7. Unique Stressless® Glide system automatically adjusts to your body weight.
8. The different bases provide full stability and 360° swivel.
9. Base is made of 32 layers of laminated European beech.

The Innovators of Comfort™

With the best quality materials, environmentally friendly processes and an uncompromising focus on comfort, our team works together to create furniture that will live with you through a lifetime. When you sit down and appreciate how genuine Stressless® furniture feels, you will know.

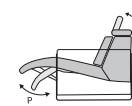

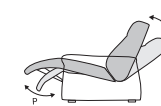

Whether you sit up or lie down, the **Plus™ System** provides optimal comfort and support for your head and lumbar region. The sleep function is controlled with a simple hand movement to make your comfortable moments even better.

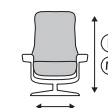

With **BalanceAdapt™**, subtle rocking motions enhance the feeling of total balance. These movements usually make all the difference between a good seat and a fantastic one.

With a light pressure under the armrest, **Power™** adjusts both the footrest and the back angle. This combination provides superb support and comfort.

With a light pressure on the right side of the seat cushion, **Power™** adjusts both the footrest and the back angle. This combination provides superb support and comfort.

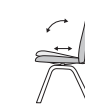

Optimal comfort is also about correct size. Most of our recliners therefore come in small, medium and large, for you to find your perfect fit.

Optimal comfort is also about unique design options. These models come in 3 different options, Low, Adjustable and High back.

When you sit down in a sofa with **ComfortZones™** the back part of the cushion will give in more than the front part of the cushion. As a result of this, the seat cushion will angle slightly, giving you a comfortable position of your legs while seated.

The unique **Stressless® Dining** chair responds to your body's movements and automatically adjusts the seat and back position, without levers or handles. This comfort enables you to maximize your quality time with friends and family. Enjoy!

Classic elevator ring

If you'd like to add a little extra height to your recliner or ottoman, Stressless® elevator rings are the answer. Simply snap on the rings to increase the height of both by 1.5 inches.

Signature elevator kit

If you have a Stressless® Signature base, this easy to attach kit increases the height of your recliner by 1.25 inches, which can make a real difference in your level of comfort.

Hard Floor Protector

Easily attached to a Classic base, this self-adhesive felt protects your floor.

Put your Stressless® modular sofa together exactly the way you want. Regardless of space, with our ingenious flexible modules there's always room for a Stressless®. First find your favourite model and then select your ideal arrangement. A few possible configurations in a variety of our styles are shown below.

It's time to create

Your perfect Stressless® home is only complete when you have added your personal taste and your individual needs. After all, it is your home.

That's why our dining chairs, home office chairs, sofas and recliners come in a large range of leather, fabrics and choices of armrests and bases. Visit your local retailer or explore our endless opportunities at Stressless.com.

View with the Stressless @Home App

You can also download our Stressless @Home App, personalize your favorite Stressless® furniture, and actually place it in the room of your choice with the help of your phone or tablet. The app provides you with pictures of all our chairs and sofas and lets you choose your preferred materials, colors and bases. It doesn't get easier:

- Download the application from App Store or Google Play
• The app will automatically download all available Stressless® products at startup
• Choose model and style it at your preference
• Choose "view at home" and see your Stressless® chair in your home through the camera.

Stressless® Home Theater

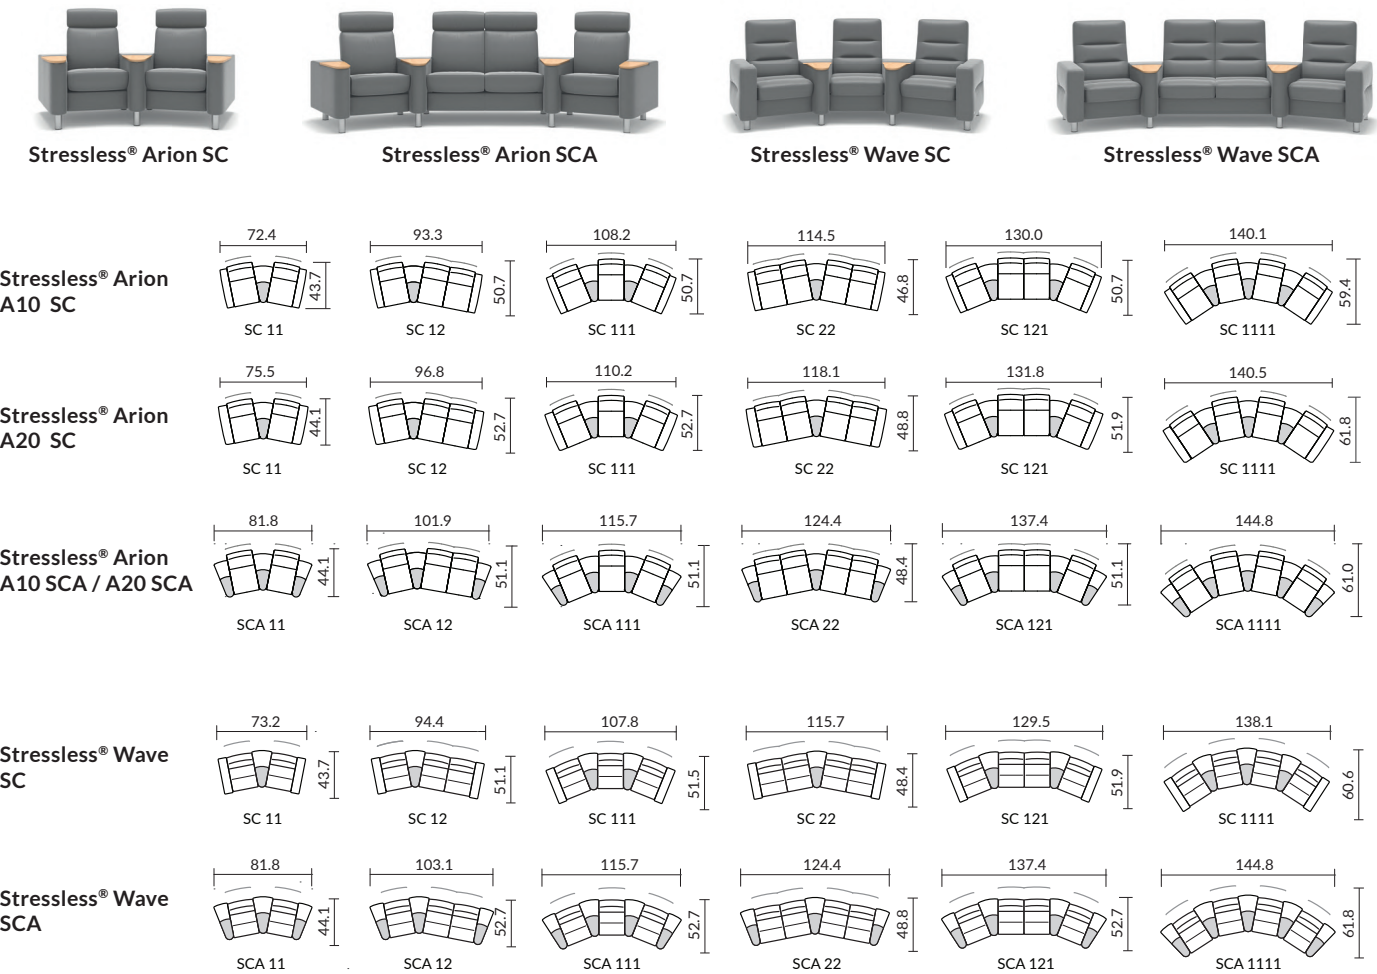

You move more than 300 times during the length of a movie. This might sound exhausting, but don't despair – Stressless® seating is designed to adjust to your every movement. The spacious, soft seats of your Stressless® Home Theater seating, combined with a Stressless® ottoman, ensure an optimal movie experience.

Regardless of how much space you have available for your home theater setup, our ingenious flexible modular designs ensure that there's always space for a Stressless®.

Find out more about the many options available at stressless.com

The Stressless® Sector (SC) / Sector Arm (SCA) is upholstered in the same way as the sofa and conceals a storage space beneath the top. The Sector / Sector Arm also functions as an armrest, which is why setups with Sector/ Sector Arm tables should be treated as a single, fixed unit.

Medium Corner
Compatible with Arion, Wave, Saga & Aurora. Also may be used as a standalone piece when purchased with side panels.
W: 53.9 **H:** 29.1 **D:** 45.4

Sector Arm (SCA)
Compatible with Arion & Wave
W: 12.2 **H:** 22.0 **D:** 30.7

Sector Table (SC)
Compatible with Arion & Wave
W: 12.2 **H:** 22.0 **D:** 30.7

The Stressless® Sector (SC) / Sector Arm (SCA) is upholstered in the same way as the sofa and conceals a storage space beneath the top. The Sector / Sector Arm also functions as an armrest, which is why setups with Sector/ Sector Arm tables should be treated as a single, fixed unit.

Stressless® Legs

Our sofas give you the choice of different legs. Steel legs provide your sofa with a more sophisticated appearance, while wooden legs make your living room appear warmer. Please note, 4.3" legs come standard.

TABLES AND OTTOMANS

Stressless® Urban (L)
W: 35.4, H:18.9
The stylish glass table is designed to match Star base models. Select from polished aluminum or matte black finishes.

Stressless® Urban (S)
W: 21.7, H:18.9

Stressless® Style tables
W: 53.9, H: 18.5, D: 23.6
Sofa table and side table, available in several color combinations. The slight difference in height means that the tables can be easily combined in different ways, either standing apart or close together. The tabletop is made from MDF with a melamine surface and is available in White, Black and Cream. The wooden legs are available in Black, Whitewash and Brown.

W: 21.75, H: 20.5

Stressless® USB table A
W: 20.5, H: 19.7-28.7, D: 16.5
A versatile table with a USB port, this fits all Stressless® chairs perfectly. Available in various combinations of glass or wood, with a black or chrome stem (adjustable).

Stressless® USB table B
W: 20.1, H: 19.7-28.7, D: 21.7
A versatile table with a USB port, this fits all Stressless® chairs perfectly. Available in various combinations of glass or wood, with a black or chrome stem (adjustable).

Stressless® Enigma
W: 35.4 H:17.3
A stylish glass table with base in chrome.

Stressless® Windsor table
W: 52, H: 18.9, D: 7.6
Made from beech. Available in all stain options.

Stressless® Stella ottoman
W: 29.5/35.4, H: 17.34, D: 22.4
A sleek ottoman perfectly designed to match our Stella sofa. Compliment with an optional table. Available in two sizes

Stressless® Double Ottoman
W: 47.0-60.5, H: 17.3, D: 24.0
This large ottoman offers ample space to put your feet up, while the storage space conceals a tabletop that can be placed on the ottoman when needed. Available with or without table in all stain options.

Stressless® Ellipse table
W: 19.3, H:18.9-28, D:15
This flexible, easy-to-move table is ideal, since it keeps everything you need within easy reach. Available in all stain options.

Stressless® Corner Table
W: 27.2, H: 18.9, D: 23.6
This practical table is perfect for placing between a pair of Stressless® recliners. Also ideal for any corner setup or home cinema arrangement. Available in all stain options.

Stressless® Easy Armrest table
W: 9.8, H: 3.9, D:9.1
This smart table has been designed for the Stressless® Arion and Stressless® Wave. Simply place the table on the armrest to provide a convenient extra surface. Available in all stain options.

Stressless® Computer table
W: 16.1, D:12.2
This table provides a firm and stable workspace. When not in use, simply swing it to the side and fold it down alongside the recliner. Can only be fitted to Classic/ Classic Power base recliners. Available in all stain options.

Stressless® Modern Ottoman
W: 23.6, H: 17.3, D: 23.6
Our ottoman is ingenious in at least two ways. First, it features a built-in tilt system, which ensures that the angle of the ottoman is adjusted to your sitting position. Secondly, it has room for all your extras under its removable top. Available in two sizes.

W: 20.1, H: 17.3, D:15.7

Stressless® Soft Ottoman
W: 25.2, H: 17.3, D: 26.7
Our ottoman is ingenious in at least two ways. First, it features a built-in tilt system, which ensures that the angle of the ottoman is adjusted to your sitting position. Secondly, it has room for all your extras under its removable top. Available in two sizes.

W: 20.9, H: 17.3, D:19.3

Choose design, legs and upholstery on your dining chair

Make your selection
from our two designs.
With or without arms.

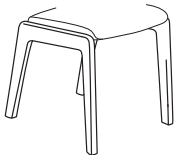

Stressless® Mint

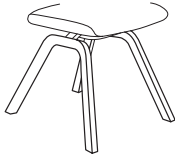

Stressless® Laurel

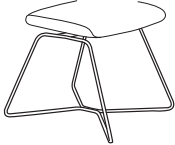

There are five different legs to choose from.

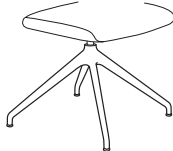

D100
Leg in wood.
Available in five colors.

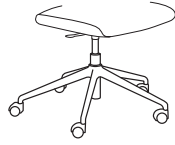

D200
Leg in wood.
Available in five colors.

Home Office

Stressless® wood finishes

On many of our collections, natural wood finishes add another touch of luxury. Depending on the model, you can choose from eight finishes. As a natural and renewable resource, subtle variations in wood pattern and color make each piece unique. As well as being attractive, beech makes our furniture extremely durable.

All great choices, naturally

Being one of the world’s largest premium furniture manufacturers comes with responsibility. All our leather is manufactured in keeping with current laws and guidelines for animal welfare, health, safety and the environment. We work alongside recognized international institutions to ensure that we are always up-to-date and to assist in the leather selection process from our chosen tanneries. We maintain the highest of standards here, so that you can rest assured in the choice you are making – regardless of texture, softness, color and how you want the leather to look and feel. We offer many types of leather – from the most exclusive and delicate to the more robust quality.

NOBLESSE LEATHER

Our most exclusive leather is a full-grain semi-aniline, dyed using a light surface treatment. With the natural softness and characteristic glow of a first-class leather, Noblesse keeps its original grain, meaning minor color variations, marks and scars may be visible.

PALOMA LEATHER

Slightly corrected, a combination of dyes and pigments smooth down some of this leather’s pattern, although some minor grain and color nuances may vary.

CORI LEATHER

Noticeably thicker with a larger pebbled grain effect than Batick, this grade is corrected with a uniform pattern, so most of its natural marks are removed. This creates a robust leather with many excellent properties including durability and easier cleaning.

BATICK LEATHER

A corrected leather with a uniform pattern and many of its natural marks removed. Batick is resistant to fading, but changes will occur over time due to use and light exposure. The price and durability makes it a good choice for most homes.

Stressless® Leather Care kits

We offer our own leather care kits to match the high quality of Stressless® furniture. The Stressless® Leather Care kit (medium/large) contains a leather cleaner and protection cream. Stressless® Leather Care Wipes are also available. For maintenance, and to make the leather more resistant to stains, the protective cream should be applied to all your recliner’s leather surfaces when new. We recommend that you clean the leather with Stressless® leather cleaner at least once every six months to keep your leather looking its best, removing stains regularly and ensuring long leather life. Always apply the protective cream after cleaning. These are the only cleaning products recommended by Stressless®. Stressless® accepts no responsibility if cleaning products other than those recommended by Ekornes are used and cause damage to the leather.

10
YEAR GUARANTEE

10-year internal mechanism & construction guarantee

We guarantee the internal mechanism and construction of our recliners and sofas for a period of 10 years from the date of initial delivery to the consumer. The 10-year guarantee covers the mechanical functions in the recliner/sofa. The 10-year guarantee covers the internal framework of steel and/or wood, including the metal springs.

The 10-year guarantee does not cover damage to leather, woodwork or any faults or damage caused by the use of the product other than in accordance with the manufacturer’s recommendations, as well as any faults or damage arising from any repairs made by any persons not authorized by the manufacturer or use of non-original parts. Some natural settlement and indention in the padding and foam is considered normal and is part of a break-in process.

5
YEAR GUARANTEE

5 year Warranty on Base, Foam and Power Motor/Mechanisms

The 5 year warranty covers the base for the chair and ottoman, including the swivel ring, gas lift, extensions as well as all foam and interior padding in the chair and ottoman. Also includes electronic parts and motor for Power mechanism and all accessories. Please note that some deformation and indention in padding is considered normal and is part of a break-in process.

2 YEAR GUARANTEE on Power Batteries for a period of 2 years from the date of initial delivery to the consumer. This guarantee only applies to the battery units offered by Stressless®; use of 3rd party batteries with Stressless® products will void the entire Stressless warranty.

1 YEAR GUARANTEE on all leather or fabric upholstery including stitching and zippered assemblies for a period of 1 year from the date of initial delivery to the consumer.

See stressless.com/warranty for complete warranty details.
